Join us for lunch to hear Rob Gales, Managing Director at Vercor, share his story. Through times of triumph and trial, Rob has lived and learned. From near death experiences, to building multi million dollar companies bigger and faster than most people will ever experience, Rob has ridden this rollercoaster life. He's had ups and downs. What's he learned? Come find out.

HEAR ROB'S JOURNEY FROM SUCCESS TO SIGNIFICANCE AND FROM FEAR TO FAITH

Who is Rob Gales?

As Managing Director of Vercor Minneapolis, I'm a passionate and trusted advisor, purposefully guiding middle-market business owners through and beyond the merger & acquisition process. As a growth consultant to privately held businesses, my focus has been on guiding organizations from vision to strategy, by offering executive leadership services to realize higher levels of performance & results. I was previously a Partner in a research-driven investment bank. Our firm served private & public companies in constructing equity capital transactions in a host of industries. I was also the Director of Equity Capital Markets for a successful New York based publicly traded investment bank. On a personal note, as a recent cancer survivor, I have come to realize that this short life must be lived with PURPOSE. In my Mergers and Acquisitions work life, I have come to realize that a "successful transaction" must include a purposeful walk with the owner: What's next for you? What about your legacy? And what is your purpose through & beyond the transaction?
